

Interior Design Selections Service

Here at Eliza Grace Interiors, I offer a full Interior Design Selections Service. This service is perfect for the client who needs assistance with designing, decorating and styling their home. I offer this service as either a complete whole-home design package or a room-by-room design. It can be as small as a re-design of your living room or as large as an entire house design concept! I am here to help you create a beautiful and inspiring home and want to be with you every step of the way.

I take into consideration your lifestyle, colour preferences, personal style, and era of the home to create the perfect design for you. Tailoring a design service to your needs and requirements is what I pride myself on and I can't wait to transform your home with you!

Selections Service Inclusions

- Floor plan & traffic flow
- Paint colours
- Flooring
- Window coverings
- Lighting
- Furniture
- Artwork
- Soft Furnishings
- Rugs
- Design accents & accessories

Eliza Grace Interiors create a design concept that is in line with your style and brings your vision to life! I prides myself on being detail oriented and provoking a mood and feel for your chosen space.

How Does It Work?

Step 1 Initial Consultation

Eliza Grace will come out to your home for an initial consultation. This is where we can discuss the scope of the project, what you require and any ideas you may have. My design service is bespoke and tailored to each individual client, so I like to go through a number of questions to get a clear vision for your beautiful home. It also allows me to get a feel for the space and start envisioning the transformation! This initial consultation is priced at \$500

Step 2 Proposal

After the initial consultation, I will go back and work out the scope of the job, hours required and any other aspects in order to give you an accurate quotation for the design concept as a whole. I work off a fixed-price quote which is tailored to each individual project as this gives you complete transparency – no hidden costs! I put together a design proposal for you that includes the scope of work and quotation for what is involved. Once you have accepted the proposal, we can get started on the creative process!

Step 3 Eliza Grace Interiors Design

I then start designing your dream home! Communication is a high priority for me and I encourage you to contact me anytime throughout this period if you have any questions, would like an update or have spotted a piece that you would love to include in the design! I am here for you throughout the entire design process and can give you as many or as little updates as you like!

Step 4 Half-Way Point Presentation

The half-way point presentation allows us to make sure we are both on the same page for the vision and design of the home. I love to do this in person which allows you to ask as many questions as you like and we can discuss each element of the design. This is the perfect time to make sure you are happy with the direction of the design and our visions are aligning to create the home of your dreams.

Step 5 - Presentation Of Design

Once I have finished designing the entire concept for your home we will meet again for your final presentation. I will present the design concept including all furniture placement, selections of finishes, colours, and overall design of the space. I talk you through the beautifully designed moodboards to help you envision the final result as a whole. I will also run through the schedule of items that includes the details of supplier, price (with trade discounts!), imagery and more! The final piece of the puzzle is the Styling Dossier where I detail the placement and positioning of all furniture and homewares selected.

Step 6 Managing & Ordering

(Optional, yet encouraged)

Eliza Grace Interiors prides itself on being all inclusive, which means we don't want you lifting a finger! We can manage the ordering of each item from the supplier for you. Not only does this save you time, but it also allows you access to trade discounts, which I pass directly onto you! I will liaise with suppliers to ensure lead times and deliveries are on track and running to our expected timeline for installation.

Step 7 Installation Of Products

(Optional, yet encouraged)

The most exciting step of the entire process! Installation day is where I come out to your home and install all the gorgeous furniture and homewares pieces that have been specified. This includes the placement and positioning of all furniture items and the styling of home décor and soft furnishing pieces. I love including a finishing touch of flowers and greenery that suit your design and colour palette too. We finish the day with a walk-through of your newly designed and decorated home, and you can ask me any styling questions for future reference.

I can't wait to work with you on creating the home you have dreamed of! Should you have any further questions, please do not hesitate to give me a call on 0431 805 893. I look forward to getting started on designing your dream home soon!
